

Eye Corrosion

Rust Preventive Coating - Gloss Black

1. Identification

Product identifier: Rust Preventive Coating - Gloss Black

Product code: 245032

Supplier Name: P.O.R. Products
38, Portman Road
New Rochelle, NY
10801

Telephone: 914 636-0700

Emergency telephone number: 914 636-0700

Available hours: 8h-17h

Recommended use: As an anti-rust paint and coating

Restrictions on use: For industrial and automotive equipment

2. Calculation of corrosion

Serious eye damage - category 1, Skin corrosion - category 1 > or = 1%

No	CAS No	CAS name	Class	Category	% HPR	% formula
<i>No entry</i>						

Serious eye damage - category 1, Skin corrosion - category 1 < 1%

No	CAS No	CAS name	Class	Category	% HPR	% formula
<i>No entry</i>						

Serious eye irritation - category 2 > or = 1%

No	CAS No	CAS name	Class	Category	% HPR	% formula
1	64742-95-6	Naphtha, light aromatic fraction C8-C10	Serious eye irritation	Catégorie 2A	10%	10
			Serious eye irritation	Catégorie 2A	10%	
2	26447-40-5	4,4'-Dipheylmethane diisocyanate. polymeric MDI	Serious eye irritation	Catégorie 2A	10%	3.46
			Serious eye irritation	Catégorie 2A	10%	
3	101-68-8	4,4'-Diphenylmethane diisocyanate polymer. MDI polymer	Serious eye irritation	Catégorie 2A	10%	4.61
			Serious eye irritation	Catégorie 2A	10%	
4	67815-87-6	Aromatic polyisocyanate MDI based	Serious eye irritation	Catégorie 2A	10%	35.14
			Serious eye irritation	Catégorie 2A	10%	
5	9016-87-9	Polymethylene polyphenyl isocyanate. polymeric PMDI	Skin irritation	Catégorie 2	10%	2.34
						55.55

Serious eye irritation - category 2 < 1%

a)	Serious eye damage - Category 1	> or = 3%	No	--
b)	Serious eye damage - Category 1 -> Serious eye irritation - Category 2	1% < or = x < 3%	No	--
c)	Serious eye irritation - Category 2	> or = 10%	Yes	55.55%
d) (i)(ii)	Serious eye irritation - Category 2	> or = 10%	No	--

- (a) if the sum of the concentrations of ingredients classified in the categories «Serious eye damage - Category 1» and «Skin corrosion - Category 1» is equal to or greater than 3.0%, it is classified in the category «Serious eye damage - Category 1».
- (b) if the sum of the concentrations of the ingredients in the categories «Serious eye damage - category 1» and «skin corrosion - category 1» is greater than or equal to 1.0% but less than 3.0%, it is classified as «Eye Irritation - Category 2».
- (c) if the sum of concentrations of ingredients classified in the category «Eye irritation - category 2» is equal to or greater than 10.0%, the mixture is classified in the category «Eye irritation — Category 2»; or
- (d) if the sum of the results of the following subparagraphs is equal to or greater than 10.0%, the mixture is classified in the category «Eye irritation — Category 2»:
 - (i) ten times the total of the sum of the concentrations of the ingredients classified in the category «Eye Irritation - Category 2»; the category «Serious eye damage - Category 1» and the sum of the concentrations of ingredients classified in the category «Skin corrosion - Category 1»,
 - (ii) the sum of the concentrations of ingredients classified in the category «Eye irritation - Category 2» .
